The penne rigate pasta by my favourite brand,was keen to try it out for my recipes. The pasta is a healthy variant,low on calorie and does not have maida,which is the best part. The penne pasta tastes great, loving it!

## Oregano

smell is really good. generally in other brands the smell of oregano begins to get milder with time. It's been few months using keya Oregano but still the aroma is strong.

## Piri Piri Spice Mix

★★★★★ **Super versatile!**

Reviewed in India on 30 July 2020

Flavour: Piri Piri | **Verified Purchase**

I am in love with this masala. I put it in everything - pasta, panini, poha, masala oats, etc. and it makes everything fab. The tinge of garlic in the masala is just beautiful. It comes in an easy to use bottle - just make sure that you close it properly after every use as moisture can seep into it and destroy the masala. This happened with my latest bottle - my masala is all lumpy now. The price is decent and the quantity is good. Must-have in the kitchen.

For a very long I was looking out for a Peri Peri seasoning tasting similar to McD's... This is the one .. Glad to have found this ...

The product is really good. Bottle is very convenient to use, it's not messy. Nice aroma and flavor. I mix a dash of cinnamon with my oats, chia seed pudding and corn flakes. Tastes and smells really fresh. Also I was scared that the glass bottle is gonna break while coming but the packing was amazing. Am really satisfied
