DIE-CAST PLUS

Prestige Omega Die-Cast Plus Cookware is manufactured by a process of pressure die-casting and comes with induction base which makes the cookware extremely versatile and work on all kinds of heat sources like gas stoves, induction cook-tops, ceramic cook-tops, electric hotplates etc.

The Prestige Omega Die-Cast Plus Cookware now comes with a unique heat indicator which turns red while the cookware is hot and turns back to black when the appliance cools down, thus adding to your safety.

The extra thick base ensures better heat retention, thus helping you save energy and cook faster.
